Between Two Sacks of Flour

there may seem no difference except the name. But if one of them is PURITY Flour there is a big difference. Telling you about the superiority of PURITY flour doesn't prove. But if you will try a sack to-day you'll have plenty of proof of its superior excellence in the better bread, cake and pastry you bake. It suits others it will suit you.

The Handsomest Baby in Paris.

It is now, and always has been an unsettled question as to which was the handsomest baby in Paris. Manager Porter, of the Paris Grand has decided to give the people of Paris a chance to settle the question for the present time at least.

In the show window of A. J. Winters & Co., there is on exhibition a handsome solid gold ring with genuine diamond setting valued at \$20 which will be presented to the baby which the patrons of the Grand decide is the handsomest one in Paris and the county.

The plan is as follows: Have your photographer make a photograph slide of your baby and leave it at the box office of the Paris Grand or hand to Mr. Porter. Each picture will be given a number. Each patron of the Grand will be given a blank coupon as they enter the door, reading "One vote for No. — as the handsomest baby in Paris and Bourbon County."

At each performance the pictures of the babies will be thrown on the screen and you will fill out your coupon with the number of the baby you think is the handsomest. These coupons you drop in the sealed box as you leave the theatre, and at the expiration of the contest a committee of disinterested citizens will count the votes and the picture of the successful baby will be printed in the Paris papers.

The contest will open on next Thursday night at the first performance, and if you want to derive the benefit of being in at the start have your picture slide made at once. The cost will be nominal, as Mr. Porter has made arrangements with Norman the Photographer, and Mr. Doty, to make the slides at a reduced rate.

Be sure and see the ring in Winters' window, as it is a prize well worth trying for.

Officers Named for C. W. B. M.

The C. W. B. M. and Bible School Convention of the Eighth District in session at Winchester adjourned Friday night after a successful and instructive meeting. About two hundred delegates were in attendance. The following officers were elected for the ensuing year:

For the C. W. B. M.—Mrs. Connor, Owensville, district manager; Mrs. Nancy McClure, Clark county, district secretary; Mrs. J. H. Allen, secretary for Clark county; Mrs. B. T. Trimble, secretary for Montgomery county; Mrs. John Scott, secretary for Bath county; Mrs. W. R. Scott, secretary for Bourbon county; Mrs. Ashbrook, secretary for Harrison county.
Bible School Association—W. E. Ellis, Cynthiana, President; W. C. Eldred, Carlisle, vice president; B. W. Trimble, Mt. Sterling, secretary. The convention adjourned to meet in Carlisle next year.

Will You Let It Happen Again?

You took the tailor's suit, though dissatisfied you were. You know distinctively it didn't fit and the tailor couldn't correct it. You didn't want to be considered a "mean man" by the tailor, so you paid for the suit and hated it forever after. Don't let it happen again. Why take a chance with the tailor-made? You are sure of a perfect fitting suit at our store whether you are tall, short, lanky or fat. Try on one before our long mirrors—study it from every angle—if it isn't perfect, we don't want you to buy it.

Notice to Rural Route Patrons.

Postmaster N. A. Moore is in re-
ceipt of a circular letter from the di-
vision of rural delivery of the post-
office department at Washington, as
follows:

"March 31st, 1910—Dear Sir: It is
the desire of the Department that you
earnestly request patrons of rural de-
livery out of your office to paint their
boxes and the posts to which they
are attached a pure white color. This
course, if pursued, will not only result
in benefit to the patron in serving to
protect his box and post from damage
by the weather, but will give all boxes
a uniform color and serve to fix
their identity in all parts of the coun-
try as United States mail boxes, and
will give them a much neater and
sightlier appearance than they now
possess. It is also desired that pat-
rons be induced to imprint their names
and box numbers on boxes in black
block letters about two inches high.

"It is also desired that you endeavor
to induce road officials to paint upon
the posts or boxes which are located
at cross roads, but not attach signs
thereto, the names of the towns or vil-
lages to which the crossroads lead,
with an indicator showing the direc-
tion.

"Posts to which boxes should be at-
tached shall be set in an easily accessi-
ble position at the side of the road
and boxes securely fastened to a pro-
jecting arm of wood, or to a bracket
of band iron about three-sixteenths
of an inch thick, or, if preferred, an au-
tomatic extension arm may be used.

"If you can do so without expense,
bring these matters to the attention of
the public through your local paper, or
otherwise in the most desirable man-
ner.

Respectfully,

P. V. DeGRAU,
Fourth Assistant Postmaster Gen-
eral.

Predicting Democratic Victory

What is said to be the official organ
of Wall Street, the New York News
Bureau, has issued a bulletin in which
it predicts a Democratic victory. It
says that the odds are about five to
four in favor of a democratic house
and adds "It is up to the financial
and industrial interests of the country
to decide whether the prospect is
pleasing or not." When did it cease
to be true that decision, in our
form of Government, rests with the
people?

Income Tax in Kentucky.

The Commoner says: "Governor
Wilson, of Kentucky, says that he is
in hopes that the resolutions approv-
ing the income tax which at different
times passed both houses of the Ken-
tucky legislature may be so interpreted
by the attorney general of that state
that Kentucky's vote will be recorded
in favor of the proposed amendment.
"It is to be hoped that Governor Wil-
son is correct on this point. It would
have been better, however, if the
great State of Kentucky had register-
ed its vote on this important question
in a way that could not possibly be
misunderstood."

Something of a Warning.

The socialist victory in Milwaukee
is not exclusively local in importance.
It does not necessarily mean that the
socialist party or its doctrines have
made permanent progress in public es-
timation. Milwaukee tried both the
Republican and Democratic parties in
recent years and, evidently, both parties
failed to make good, and the people
turned to the socialists in the hope
of relief.

That was a very natural move-
ment too. Democrats and Republicans
alike throughout this union of states
will do well to heed the warning.
Prosperous and contented, in their
individual affairs the people are often
all too patient with public evils. But
when individual burdens cause men
who have seemed indifferent to give
some study to public questions, then
party leaders will do well "to sit up
and take notice." The Republican
party, repeatedly trusted with power,
has proven faithless to the people.
The monopolists have that party in
their grasp. The Democratic party
ought to render real service to the
people. Its leadership ought not to
try to make that party shape its
course in the hope of gaining the fa-
vor of the monopolists who have wreck-
ed the Republican party. The people
are getting ready for a change. If
they "jump from the frying pan into
the fire." The Democratic party will
win and winning will continue to live
to the glory of its founder if it shall
meet the issues fairly and with the
determination to render genuine ser-
vice to the people.

Government to Take a Hand.

Those interested in seeing the State
fish and game laws enforced will be
glad to learn that the United States
Government has decided to take a hand
in their enforcement. Employees of
the Government on the river are in re-
ceipt of a circular letter from the
office of the United States Engineer at
Cincinnati, warning them not to en-
gage in or countenance any violations
of the state laws regarding the taking
of fish. While the Government has no
authority to actually enforce the state
laws against setting nets in the river,
this action indicates a desire on the
part of Uncle Sam to co-operate with
the county officers in the enforcement
of this law, and of other laws for the
protection of fish. The destruction of
fish has gone wantonly on until our
streams, which were once full of
black bass and goggle eyes, are al-
most denuded. In addition to the
seine, the fish trap and the gun killing
them on their nests, the deadly dynamite
has come into general use and is
more destructive than all the rest.
These sticks of dynamite not only kill
the large fish but destroy in a whole-
sale way all the young. If the law
against its use is not enforced and the
practice put a stop to in a few years a
bass in any of our beautiful streams
will be a rarity. They will become as
scarce as buffalo upon the plains. In
addition to the things mentioned,
which are destroying our fish, it is be-
lieved by many that the greatest mis-
fortune that ever happened to the peo-
ple who love the sport of fishing with
hook and line was the introduction of
German carp. This fish, which is ab-
solutely the worst table food possible
and regarded as absolutely unfit to eat
by many, has multiplied and multi-
plied in such great numbers until all our
streams are full of them and it is un-
doubtedly after that they feed upon the
spawn of bass. Between the dynamite
and the carp the fishermen of
Kentucky are doomed to seek fishing
waters outside of the State in a few
years.

What the May Woman's Home Companion Contains.

The current springtime number of
this always interesting magazine con-
tains an extraordinary variety of
spring and summer suggestions. The
cover design is unusually attractive,
even for the Woman's Home Com-
panion, and the entire magazine lives up
to the standard set by the cover. A
superb new painting by Jessie Wilcox
Smith, "Let Dogs Delight to Bark
and Bite," is reproduced in full color
on a large map.

The fiction is evidently the result of
the most careful selection among the
popular authors. "The Empty House,"
by Elizabeth Stuart Phelps, is con-
cluded with dramatic force. "The House
of Healing," by Juliet Wilcox Tompkins,
enticing serial, adds another install-
ment to its popularity. Annie Hamil-
ton Donnell draws the simple story of
a lonely college girl in "The Family
of Terese," and the late Myra Kelly's
East Side children make more make us
smile in "Bailey's Babies."

The magazine is not all fiction and
art, however. Spring and summer
fashions are arrayed in tempting
pages, including an excellent colored
plate, "A Gambrel-Roofed Cottage,"
is described for the prospective home-
builder. "Mission Bedroom Furniture"
is attractively and practically explain-
ed with working models, and a long
article is devoted to the latest outdoor
and gardening books. The Doctor's
Page and the wide range of all the
other departments cover almost every
need in the average home.

Humor, verse, music and an article

on building summer camps also con-tribute

to the value of this extraordinarily in-

teresting magazine which has just

come to us from the publishers.

Finds Long-Lost Coin.

Former Sheriff John McElroy of
Fayette county, last week found a five
dollar gold piece which he lost in 1888,
thirty years ago. At that time he was
boarding at the corner of Main and
Jefferson streets in the Garland home-
stead. One day while counting some
money in the hallway there he dropped
a five dollar gold coin and it rolled
down a crack.

He tried in vain to find the money
and finally gave up in despair. Several
years ago he bought the property and
has recently been having some im-
provements made in the building.
While overseeing the work several days
ago he happened to remember that the
place where the money dropped was
being remodeled. He told one of the
men employed of his experience back
in the '80s and asked him to be on the
lookout for the coin. Less than ten
minutes later, while he was still pre-
sent the workman pulled up a board and
there lay the money.

form of Government, rests with the
people?

Income Tax in Kentucky.

The Commoner says: "Governor
Wilson, of Kentucky, says that he is
in hopes that the resolutions approv-
ing the income tax which at different
times passed both houses of the Ken-
tucky legislature may be so interpreted
by the attorney general of that state
that Kentucky's vote will be recorded
in favor of the proposed amendment.

"It is to be hoped that Governor Wil-
son is correct on this point. It would
have been better, however, if the
great State of Kentucky had register-
ed its votes on this important question
in a way that could not possibly be
misunderstood."

Something of a Warning.

The socialist victory in Milwaukee
is not exclusively local in importance.
It does not necessarily mean that the
socialist party or its doctrines have
made permanent progress in public es-
timation. Milwaukee tried both the
Republican and Democratic parties in
recent years and, evidently, both par-
ties failed to make good, and the
people turned to the socialists in the
hope of relief.

That was a very natural move-
ment too. Democrats and Republicans
alike throughout this union of states
will do well to heed the warning.
Prosperous and contented, in their
individual affairs the people are often
all too patient with public evils. But
when individual burdens cause men
who have seemed indifferent to give
some study to public questions, then
party leaders will do well "to sit up
and take notice." The Republican
party, repeatedly trusted with power,
has proven faithless to the people.
The monopolists have that party in
their grasp. The Democratic party
ought to render real service to the
people. Its leadership ought not to
try to make that party shape its
course in the hope of gaining the fa-
vor of the monopolists who have wrecked
the Republican party. The people
are getting ready for a change. It
will do them no good, however, if
they "jump from the frying pan into
the fire." The Democratic party will
win and winning will continue to
live to the glory of its founder if it shall
meet the issues fairly and with the
determination to render genuine ser-
vice to the people.

Government to Take a Hand.

Those interested in seeing the State
fish and game laws enforced will be
glad to learn that the United States
Government has decided to take a hand
in their enforcement. Employees of
the Government on the river are in re-
ceipt of a circular letter from the
office of the United States Engineer at
Cincinnati, warning them not to en-
gage in or countenance any violations
of the state laws regarding the taking
of fish. While the Government has no
authority to actually enforce the state
laws against setting nets in the river,
this action indicates a desire on the
part of Uncle Sam to co-operate with
the county officers in the enforcement
of this law, and of other laws for the
protection of fish. The destruction of
fish has gone wantonly on until our
streams, which were once full of
black bass and guogge eyes, are al-
most denuded. In addition to the
seine, the fish trap and the gun killing
them on their nests, the deadly dynamite
has come into general use and is
more destructive than all the rest.
These sticks of dynamite not only kill
the large fish but destroy in a whole-
sale way all the young. If the law
against its use is not enforced and the
practice put a stop to in a few years
bass in any of our beautiful streams
will be a rarity. They will become as
scarce as buffalo upon the plains. In
addition to the things mentioned,
which are destroying our fish, it is be-
lieved by many that the greatest mis-
fortune that ever happened to the peo-
ple who love the sport of fishing with
hook and line was the introduction of
German carp. This fish, which is ab-
solutely the worst table food possible
and regarded as absolutely unfit to eat
by many, has multiplied and multi-
plied in such great numbers until all our
streams are full of them and it is un-
doubtedly after that they feed upon the
spawn of bass. Between the dynamite
and the carp the fishermen of
Kentucky are doomed to seek fishing
waters outside of the State in a few
years.

What the May Woman's Home Companion Contains.

The current springtime number of
this always interesting magazine con-
tains an extraordinary variety of
spring and summer suggestions. The
cover design is unusually attractive,
even for the Woman's Home Companion,
and the entire magazine lives up to
the standard set by the cover. A
superb new painting by Jessie Willcox
Smith, "Let Dogs Delight to Bark
and Bite," is reproduced in full color
on a large mat.

The fiction is evidently the result of
the most careful selection among the
popular authors. "The Empty House,"
by Elizabeth Stuart Phelps, is con-
cluded with dramatic force. "The House
of Healing," by Juliet Wilbor Tompkins,
entertaining serial, adds another install-
ment to its popularity. Annie Hamil-
ton Donnell draws the simple story of
a lonely college girl in "The Family
of Terese," and the late Myra Kelly's
East Side childreence more make us
smile in "Bailey's Babies."

The magazine is not all fiction and
art, however. Spring and summer
fashions are arrayed in tempting
pages, including an excellent colored
plate. "A Gambrel-Roofed Cottage" is
described for the prospective home-
builder, "Mission Bedroom Furniture" is
attractively and practically explained
with working models, and a long
article is devoted to the latest outdoor
and gardening books. The Doctor's
Page and the wide range of all the
other departments cover almost every
need in the average home.

Humor, verse, music and an article
on building summer camps also con-
tribute to the value of this extraor-
dinary interesting magazine which has just
come to us from the publishers.

Finds Long-Lost Coin.

Former Sheriff John McElroy of
Fayette county, last week found a five
dollar gold piece which he lost in 1880,
thirty years ago. At that time he was
boarding at the corner of Main and
Jefferson streets in the Garland home-
stead. One day while counting some
money in the hallway there he dropped
a five dollar gold coin and it rolled
down a crack.

He tried in vain to find the money
and finally gave up in despair. Several
years ago he bought the property and
has recently been having some im-
provements made in the building.
While overseeing the work several days
ago he happened to remember that the
place where the money dropped was
being remodeled. He told one of the
men employed of his experience back
in the '80s and asked him to be on the
lookout for the coin. Less than ten
minutes later, while he was still pre-
sent the workman pulled up a board and
here lay the money.

One of Life's Problems.

It is often more difficult to forget than it is to remember.

Tobacco Suits Come to End.

The jury, sitting in the United States Court at Covington Thursday afternoon gave judgment for \$1,000 to Frank Eckler, who charged that he had been a victim of the Kentucky "night riders" and had been whipped and otherwise abused at the home of James Riddle, in Pendleton county. When the jury reported after being out two hours, they freed from complicity in the charges James Aulick, John Riddle and Kirby Hamilton as being innocent. Fred Colvin, Alfred Collier, James Riddle, Charles Jones, Everett Aulick and Jesse Allen are the men who will have to pay the fine.

The defense created quite a commotion when it attacked the integrity of Eckler and introduced witnesses to prove that his reputation for truth was not of the best.

Attorney for W. S. Henderson, of Augusta, filed their grounds for a new trial contending that the court had excluded important testimony and admitted unimportant facts, as well as the stated claim that attorneys for the defendants had been misbehaving. This closes the three cases brought by tobacco men for damages against the tobacco raisers and the Government against growers for violating the interstate commerce laws.

NORTH MIDDLETOWN ITEMS.

—Mrs. Phoebe A. Moore, nee Combs, aged nearly 84 years, died of general debility Thursday evening at the home of her son, Mr. Kelly P. Moore. Mrs. Moore was a most estimable Christian woman, and the relict of John V. Moore, who died about 25 years ago. She is survived by one son, Kelly P. Moore, and two grandchildren, Mr. J. Moore, of Lexington and Miss Edley Moore, of North Middletown. Mrs. Moore had one son to die a number of years ago, in the South, while another son a gallant Confederate soldier, died during the war.

The funeral of Mrs. Moore was held Friday at 3:30 o'clock at the Christian church, North Middletown. Services were conducted by Elder J. W. Ligon. Interment at local cemetery. The pall-bearers were: Wm. F. Bryan, James C. Bryan, Wm. M. Cray, John W. Mitchell, Charles H. Meng and Luncford Tablott.

A number from here attended the Eighth District Convention of the Christian church at Winchester last week. Among those who attended were: Mrs. J. C. Bryan, Mrs. Wm. McCray, Mrs. Dr. Bean, Mrs. Arthur Anderson, Mrs. C. W. Gileky, Mrs. W. O. Hagan and daughter Miss Neelli Hagan, Mrs. M. S. Trimble, Mrs. J. T. Collins, Mrs. M. G. Talbott, Miss Annie Weaver, Mrs. C. H. Meng, Mrs. Ida Everman and daughter, Miss Mary D. Everman. Mrs. Arthur Anderson responded to the opening address. Miss Marie Collins read a report of the North Middletown Mission Band, and Miss Mary Everman sang a solo.

The ideal carriage horse is the American trotting bred horse, with size, speed, courage, and the true trotting gait, with plenty of knee and hock action. In addition he must have a clean cut head and neck, style and finish, plenty of substance without coarseness.

Recognizing the demand for this class of horses, I selected Taylor Simmons 23489, a young horse which fills all the requirements of the typical carriage horse. If the theory that "like begets like" be true, he will produce horses of this type when mated with good mares. Through his veins flow the blood of the greatest trotting families. He traces twice to George Wilkes and five times to Mambrino Chief II. This is backed by the stout thoroughbred blood of Boston.

Lien retained on colts until season money is paid.

Bourbon Club to Shoot With Fayette.

At the meeting of the Fayette Gun Club Thursday a squad of five amateurs in an event of 20 targets each scored a total of 97 out of a possible 100.

Immediately after the record run was made, Mr. T. H. Clay, of Paris, challenged the five men making it for a match race at 100 targets with a similar number chosen from the Bourbon Gun Club. Race to be shot, weather conditions favorable, next Thursday, and at the same time authorized the President of the club to notify the members that he would on the day of the race present the winner of the afternoon under the bird allowance handicap with a trophy. Mr. Clay has for the past two years given a beautiful trophy to the Fayette Club, and it has never failed to bring on one of the hard races of the season.

Remove Spots From Dresser Tops

If your dresser had been finished with my unadulterated varnish, the Chinese Oil in it would have prevented their spotting white when perfume, medicines, etc., were spilled.

Important Notice.

Paris, Ky., April 22, 1910.
To the Public:
Attention has been called to the fact that quite a number of persons have been missed by the Census Enumerators. It is very important that we have full credit of our entire population, and many persons whose employment does not keep them constantly in one place are not found by the enumerators. It is therefore urged that every citizen, regardless of age color or employment will see that some of the enumerators have reported their names. If they should not have been reported please advise me and I will see that some of them register your names.
Respectfully,
J. T. HINTON Mayor.

Works of Art to be Shown at Exposition

Painters and Other Craftsmen of the South Invited to Display Work.

Lloyd Branson, an eminent artist of Knoxville, Tenn., who is chairman of the committee for the art exhibit at the Appalachian Exposition to be given in Knoxville, September 12 to October 12, is in receipt of inquiries from prospective exhibitors, showing that much interest is being aroused, and that prospects are flattering for that feature of the exposition.

Following are some of the rules governing the exhibition:

First—"Art exhibit" means and include all paintings, sculpture, photography, carving, handicraft, etc.

Second—The collection to be displayed by classification, each class to be selected and displayed as such, and separate and apart from other classes, the classes to be "A," "B" and "C."

Class A.—To include all original pictures and sculpture, other than mechanical or chemical salts, in oil, pastel, water color, or black and white.

Class A to be passed upon and hung by sub-committee, same to be appointed by the chairman, Lloyd Branson, which shall include painter or approved critics, with power to accept or reject any work or works offered. Class "A" to have two divisions, "Professional" and "Amateur."

Class B.—To include all photographic pictures, ideal and portrait, plain and colored and half-tone. Class "B" to be passed upon and displayed by the photographers on committee, with the power to accept or reject all work or works offered, and furthermore, at the discretion of said photographic members of said committee, Class "B" may be made into two divisions, "Professional" and "Amateur."

Class C.—To include all copied pictures (by amateur or professional, and of every description), carving, burnt wood, flower work, curios, handicraft, metal engravings and all work of artistic skill. Class "C" to be collected and displayed by the whole art committee, with the power to accept or reject all work or works offered for display.

Among other such rules as ordinarily govern such an exhibit, it is well to call attention to the fact that all works of art, other than loans, which are sought by the committee because of their especial and individual attractions and values, such as heirlooms, which the authorities wish to borrow, will be sent to the grounds at the expense of the exhibitor.

A spur of the railroads has been built right to the grounds, and all shipments will be unloaded there. No work of art which may be sold during the exhibition can be removed until after the close.

Those who are to serve on the committee chosen by Mr. Branson, chairman, are: Mrs. J. E. Lutz, Mrs. J. R. McDowell, Mrs. L. B. Audiger, Miss Katherine Wiley, Mr. Joseph Knaff, Mr. Robert Mason, James Brake, William McCoy, Martimer Thompson, Earle Harrison, Mrs. T. G. Garrett, Mr. Lloyd A. Freeman and Charles A. Krutch, all of Knoxville.

Flying Machines at Appalachian Exposition

Pleasure and Amusement Features Are Being Given Special Attention.

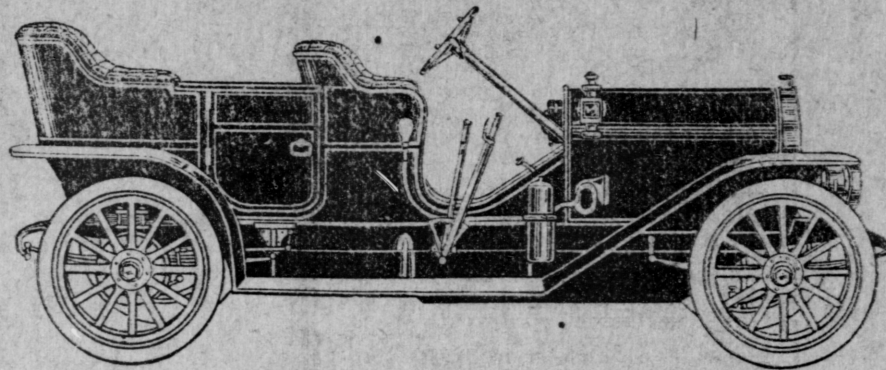

Dirigible ballooning is one form of sport that has been practiced but little in the south, where the ordinary balloon ascension, with its attendant parachute leap, has lost all of its novelty, and now attracts but little attention. It will, however, have its innings at the Appalachian Exposition at Knoxville, Tenn., Sept. 12 to Oct. 12, next, where it will form one of the features of the amusement program.

Flights by large gas-inflated balloons controlled by steering apparatus will be made from the exposition grounds over the city at a height not too great to be plainly visible to the naked eye. The time of the flights will be determined by atmospheric conditions, for the trips will be made when these are most favorable, if at night large search lights will be carried in the balloons. Flights by aviators in aeroplanes will be given, also for the first time in Tennessee with one exception.

On Chilhowee lake in the center of the exposition grounds special aquatic attractions will be seen. These will include exhibitions by motor boats, both sub-marine and surface, in which the government models will be exhibited. For those who enjoy thrills of excitement there will be the latest devices for "shooting the chutes," "making the dip" and "riding the ocean wave."

A "midway" will be there, on either side of which will be found shows, some instructive, others mirth-producing, but all of the greatest interest and of the highest type. There will be a fleet of the ships of the desert, groaning camels, that will provide their riders with all of the sensations of the storm-tossed mariner, barring seasickness, as they rise from and return to their knees during the process of embarking and disembarking the passengers. Varied sorts and conditions of entertainment will be furnished for the various classes of expositionists.

Sample Helps Frail Women

So many women are dragging out
weary lives just because their diges-
tive organs are weak. The result is
poor circulation, nervousness and the
verge of invalidism. It is often very
unnecessary and the woman's own
fault.

The first thing to do is to look to the
weakness of your bowels. There the trou-
ble usually lies. Dr. Caldwell knows
that a large percentage of women are
habitually constipated, and from this re-
sults indigestion, piles, weariness, etc.,
that women constantly complain of.
But there is no use taking "female reme-
dies" and things of that kind until you
have started your bowels moving.
You will find that when the bowels move
regularly once or twice a day all your
petty ills will disappear. Take a good
laxative tonic like Dr. Caldwell's
Syrup Pepsin for awhile and you will
find yourself rapidly getting better and
stronger, your bowels will regulate them-
selves and work at stated times, and
then your bad habits and diseases will
disappear. Don't take strong cathartic
pills or salts, but just such a mild and
pleasant-tasting remedy as Dr. Caldwell's
Syrup Pepsin.

You can obtain a bottle of your drug-
gist for fifty cents or one dollar, and
either size may be enough to perma-
nently cure you. Thousands of women
keep it regularly in the house and will
no longer be without it, as it cured them
and can be used with safety by every
member of the family, down to the
youngest child, but if you have never
used it take the advice of Mrs. Earl S.
Cox, 409 Twenty-fifth street, Moline, Ill.,
and Mrs. Ellen Dungan, Muncie, Ind., and
send to Dr. Caldwell for a free trial bot-
tle, as they did, and learn for yourself
what it will do in your own case. That
it will cure you, as it did them, there is
no doubt.

Dr. Caldwell personally will be pleased
to give you any medical advice you may
desire for yourself or family pertaining to
the stomach, liver or bowels absolutely
free of charge. Explain your case in a
letter and he will reply to you in detail.
For a sample simply send your
name and address on a postal card or
otherwise. For either request the doctor's
address is Dr. W. B. Caldwell, R. 500 Cal-
dwell building, Monticello, Ill.

STOCK, CROP AND FARM NOTES.

—The Mercer County Fair Association
will hold its annual fair at Har-
rodsburg, August 9 to 10, 1910. R. W.
Keenon is Secretary.

—The Shelby County fair will be
held August 24th to 26th, 191, at She-
bysville, Ky. J. A. Lee is President;
T. R. Webber is Secretary.

—The hog will take most anything
and turn it into meat; but this does
not argue that anything is good enough
for the hog. Only the best and the
freshest, and the purest of food should
be given the hog.

—Hogs in the various markets have
dropped from the \$11.00 mark and sold
last week as low as \$8.80 for tops and
\$8.00 for low grades. The market was
strong at the close.

—A dispatch from Carlisle says:
"Nicholas county has a mare that has
just dropped three well-developed
mule colts. The mare belongs to Mrs.
Lizzie McCormick, of Carlisle, and
the mare and colts are quite a curios-
ity and are attracting much attention."

—The Kentucky Wool Pool is reported
to control about 100,000 pounds of
the product and it is said several man-
ufacturing concerns are negotiating for
it. It is thought prices will range
slightly lower than last year when the
crop brought 25 cents to 35 cents, as
to grade.

Provide for a Sane Fourth.

Paducah is providing for a safe and
sane fourth and if an ordinance which
the Ordinance Committee has been in-
structed to draft passes the City Coun-
cil holidays will be sanely celebrated
there hereafter. The sale of fireworks,
including firecrackers and toy blank
pistols, will be prohibited by the
measure, except by wholesale houses,
which will have to secure a permit
from the city.

The ordinance provides that a spe-
cial display may be given by compe-
tent men, and under the supervision of
the fire chief. Such an ordinance has
been requested by the National Board
of Fire Underwriters.

Machinery Adapted to Appalachian Region

Elaborate Displays That Will Interest
Mining Men and Firms Alike.

For the practical men, those who
visit fairs and expositions for what
they may learn that may be of prac-
tical benefit to them, the exhibits of
machinery at the Appalachian Ex-
position, to be held in Knoxville, Tenn.,
Sept. 12 to Oct. 12, next, will hold in-
terest second to no other feature.

There will be a machinery display
that promises to exceed in many
ways any ever before shown in the
south. A commodious section of the
main building at the exposition has
been set apart for displays of ma-
chinery, thirty-six spaces having been
allotted for this feature, and already
numerous requests for space have
been received from some of the larger
machinery dealers and manufacturers
of the country. It is believed that the
applications for space will be more
numerous than the exposition can ac-
commodate, and the display will,
therefore, not be confined to this
building. The more delicate machin-
ery, that which must be kept from
exposure, will be assigned to the
building, and in addition, there will
be quite an extensive display of farm
and mining machinery and that used
for quarrying in another structure
closely adjoining the main machinery
building. Knoxville being in the
heart of vast coal and marble regions,
the mining and quarrying machinery
displays will be one of the features
of the show. But there will also be
numerous displays of agricultural and
other kinds of machinery which, to
the practical, up-to-date farmer, will
be of keener interest than any other
feature of the show. The section of
the main exposition devoted to ma-
chinery displays has been so con-
structed as to afford a solid earth
foundation, which will admit of the
operation of machinery, of no matter
what weight and power, at full capac-
ity, and the visitor to the exposition
may see the actual tests of a complete
mill outfit.

Appalachian Region Is to be Developed

Exposition in Knoxville Next Fall Will
Facilitate Opening Resources.

Development of the resources of
the Appalachian mountain region is
now in its infancy. The creation of
the Appalachian forest reserve will
prove a great impetus to the section
of the south included in the Appa-
lachian region, which covers portions
of the states of Tennessee, West Vir-
ginia, Virginia, Kentucky, North and
South Carolina, Georgia and Alabama.
It is for the purpose of furthering the
Appalachian development that the
great Appalachian Exposition has
been devised, to be held at Knoxville,
Tennessee, Sep. 12 to Oct. 12, of this
year. The exposition will include ex-
hibits of resources and commercial
and industrial products of the Appa-
lachian region, and will be a compre-
hensive presentation of the great pos-
sibilities of that section, which is one
of the richest in the whole world.
Coal, iron, gold, silver, lead, zinc, cop-
per, barytes, marble, timber and rich
hardwoods are among the natural re-
sources of the Appalachians. All
these are being extensively operated,
but the development now under way
is meager as compared to what will
be accomplished as a result of the
publicity given this section through
the Appalachian Exposition next fall.
It is confidently expected that 350,000
people will see this exposition, which
will be upon a scale surpassing any-
thing in the south.

Appalachian Bench Show to Have Many Fine Dogs

Attention Being Given to Raising
Dogs of Fine Breeds—Appalachian
Exposition Feature.

That there are many lovers of ped-
igreed dogs in the Appalachian terri-
tory of the south will be fully demon-
strated at the bench show to be held
at the Appalachian Exposition in
Knoxville, Tenn., from September 21
to 24. There will be dogs of all breeds,
from the tiny little black-and-tan and
the fluffy little snow-white Pomer-
anian to the Great Danes and Alfores.
This show will be held under the rules
of the American Kennel Club, and the
usual prizes will be awarded. It is
expected that one thousand dogs will
be shown.

R. P. Gettys, superintendent of the
bench show, is organizing a kennel
club among the "doggie" people of
Knoxville that assures already the suc-
cess of the undertaking.

ARMY AND NAVY EXHIBIT

Will Be Part of Government's Display
at Appalachian Exposition.

Assurances have been given by offi-
cials in Washington that the army and
navy departments will have large and
creditable exhibits at the Appala-
chian Exposition in Knoxville, Tenn.,
September 12 to October 12, of this
year. The exhibits will include pieces
of infantry and artillery and cavalry
weapons, models of naval vessels, In-
dian war relics, types of uniforms of
the army, and other things that will
interest the militant spirits of the Ap-
palachian region.

WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their
sex should write to Dr. Pierce and receive free the
advice of a physician of over 40 years' experience
—a skilled and successful specialist in the diseases
of women. Every letter of this sort has the most
careful consideration and is regarded as sacredly
confidential. Many sensitively modest women write
fully to Dr. Pierce what they would shrink from
telling to their local physician. The local physician
is pretty sure to say that he cannot do anything
without "an examination." Dr. Pierce holds that
these distasteful examinations are generally need-
less, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of
your own home. His "Favorite Prescription" has cured
hundreds of thousands, some of them the worst of cases.

It is the only medicine of its kind that is the product of a regularly graduated
physician. The only one good enough that its makers dare to print its every
ingredient on its outside wrapper. There's no secrecy. It will bear examina-
tion. No alcohol and no habit-forming drugs are found in it. Some unscrup-
ulous medicine dealers may offer you a substitute. Don't take it. Don't trifle
with your health. Write to World's Dispensary Medical Association, Dr. R.
V. Pierce, President, Buffalo, N. Y.,—take the advice received and be well.

Our After-Easter Exhibit

OF

MILLINERY

It is the fashionable and most sensible woman who recognizes the value of obtaining the Hat which is correct to wear. So much individual selection was seldom allowed to womankind in Hats at this season. The spectacular models shown in the early part of the season are being rapidly displaced by the more modified styles.

Our After-Easter Exhibit of Trimmed Hats are unusually beautiful. All the new colorings to blend harmoniously with the new Summer frocks.

This week our display will embrace some exquisite models that have not been shown before.

Quality and exclusive styles considered, the prices are moderate.

Bourbonites Take Two Games.

CLINTONVILLE 1—PARIS 9.

The Clintonville aggregation was defeated by the Bourbonites Saturday in a seven inning game by a score of 9 to 1.

McCormick twirled a steady game and was effective throughout, only three hits being made off his delivery. Kaiser played a brilliant game in the field, secured three hits and by fast sprinting scored three runs and had to his credit four stolen bases.

Shaw, a Transylvania twirler, essayed to pitch for Clintonville, but his curves were batted at will, the fielders of the opposing team being kept busy chasing the horsehide. Following is the score:

Clintonville.....0 0 0 0 0 0 1-1
Paris.....5 3 0 0 0 1 x-9
Batteries—McCormick and Dellbruegge; Shaw and McDonald. Two base hits—Goodman, Kaiser, Dellbruegge, McDonald. Sacrifice plays—Eddington, Maxwell. Earned runs—Paris 3. Stolen bases—Kaiser 4, Barnett, Dunlap, Terrell, Kenney. Bases on balls—Shaw 1; McElfresh 2. Passed balls—McDonald 5; Dellbruegge 1. Struck out—By McCormick 8; McElfresh 2; Shaw 2. Left on bases—Paris 6; Clintonville 4. Hits—Off McCormick 3 in 5 innings, off McElfresh 2 in 2 innings.

PARIS 13—HUSTLERS 0.

The Hustlers, of Cincinnati, were defeated Sunday afternoon by the Paris club, before a crowd of several hundred spectators who braved the chilly weather to witness the game. Poole, Eddington and Maxwell did the twirling for the locals, Poole pitching the first five innings, showed up in his usual form striking out eight men, seven of which came in succession. Eddington and Maxwell officiated for two innings each.

Kaiser was again the particular star securing four hits out of five times at bat, one of which was a three bagger. His base running was a feature as was the work of Kuhlman on short and Holder behind the bat. Following is the score:

Hustlers.....0 0 0 0 0 0 0-0
Paris.....0 3 1 3 1 0 5 0 0-13
Batteries—Poole, Eddington, Maxwell, Holder; Warner and Narach.

Two late hits—Kaiser, Barnett, Holder. Three base hits—Kaiser. Struck out—Poole 8, Eddington 2, Maxwell 3, Warner 4. Base on balls—off Werner 3, off Poole 2. Umpire—Lucas.

Wesley Holder is the goods behind the bat and it looks as if he was certain for a berth on the local club. His catching in Sunday's game was one of the features and he is daily improving.

Outfielder Franklin, who has been nursing an injured hand for several days and who was kept out of the game for this reason on Sunday, was able to be out at practice yesterday.

Kuhlman and Dunlap in the infield are showing class. Both men cover a great amount of territory and their throwing is accurate.

Fred Ochs, last year with Paris, now with the Rock Island Club, is not coming up to the standard with the stick, and reports from that city state that his inability to hit may cost him his job, but in the field he is playing a sensational game.

Three southpaws are now on the pitching staff of the Bourbonites. An Manager McKernan will only retain two of the lefthanders, the work of McCormick, Poole and Eddington is being watched with interest. McCormick is almost a dead certainty, due to the fact that he is a good fielder and hitter, and this will leave the fight between Eddington and Poole for the open place. Both men have good control and are showing up well, but it is believed that Poole, who with a wider experience, has the best of it over Eddington. In his game Sunday Poole showed remarkable control and finished up stronger than he begun.

The report that Tom Dugger had been released by Evansville and would this week arrive in Paris is without foundation. While it is a fact that Dugger has not been at his best this season and his release was expected, still the Evansville management has decided to hold him for a while longer expecting better results from the efforts of the big fellow. In event of his release from Evansville the Paris club will make an effort to secure him services.

Rain yesterday prevented the game scheduled with the Hustlers from Cincinnati. This afternoon the Colts and Vets will again lock horns, and on Wednesday the aggregation from Berry Station will try conclusions with the Bourbonites. The Paris Club has open dates for Thursday and Friday but Manager McKernan will try to arrange with a Cincinnati club for exhibition games on those days. Saturday and Sunday the Bourbonites will meet the strong All-Kentuckians from Covington and a fine exhibition of ball playing is promised. The All-Kentuckians defeated the Lexington Colts Sunday in a fast game by the score of 1 to 0.
